### THE FERRY HOUSE

ESTD 2000

Wedding Food

At The Ferry House, food is at the heart of every celebration. Your wedding breakfast is a special moment - a time to bring your loved ones together over something truly delicious. That's why we're proud to use our homegrown and familyfarmed produce across our wedding menus, from elegant canapes to late-night bites.

Since planting our first lettuce bed in 2013, our kitchen garden has flourished into a year-round source of seasonal fruits, vegetables and herbs, picked daily. We also forage the Harty estate, from the hedgerows to shorelines, to bring even more flavour to your plates.

Our family farm, just up the road, supplies us with incredible free-range eggs and the best local beef, raised naturally on the salt marshes of Elmley Nature Reserve and matured for 28 days.

For game dishes, we use wild birds from the Harty estate, shooting in season and preparing everything in-house to ensure the highest quality.

And, of course, your glass is just as important as your plate. Grain grown on our family farm is distilled into award-winning gins and vodkas by Chatham's Copper Rivet Distillery—perfect for toasting your big day!

We're honoured to have received a 2AA Rosette for culinary excellence and to be two-time winners of the 'Taste of Kent' Awards. But for us, the real joy is in sharing our passion for delicious local, homegrown food with you and your guests, creating unforgettable moments on your wedding day.
